Formerly

Albany Boiler Works
Franklin Iron Works

Sole Manufacturers of the FRANKLIN WATER TUBE BOILER

"The Result of Experience."

In 1899 this Company purchased the Franklin Iron Works from Thomas S. Sutherland, its owner, together with his good will. Mr. Sutherland at that time retired from the boiler trade.

We have large and completely equipped shops, and are in an excellent position to make satisfactory quotations on all kinds of boilers, tanks, stacks, flume and plate and sheet steel work, as well as on repairing of every description.

The Association of American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

FIRST. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employees.

SECOND. To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of the business.

THIRD. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

FOURTH. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfac tory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

$100.00 Reward Will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or fake Directory.

TROY STREET DIRECTORY

Giving the name of each street, and showing what other streets and places run from it or across it, with the number at which they intersect.

From this list the location of any number on a street can be easily ascertained; as, for instance, wishing to know at what part of Second street No. 168 comes, look at Second street and it is found that Liberty street crosses at 156, Washington street at 178, showing that 168 Second street would come half way between Liberty and Washington streets.

Ciphers are substituted for numbers on streets not fully numbered.
